Re: COVID 19 Confirmed Case

Dear parents, guardians and staff,

This afternoon, Alberta Health Services has let us know that an individual from our school has tested positive with COVID-19. We are working closely with Alberta Health Services to ensure necessary measures are in place to protect all staff and students. For privacy reasons, we will not be sharing more information about the individual.

If your child is required to isolate, you will receive information from Alberta Health Services who will inform you of your child's isolation period.

A deep clean of the school will be completed.

We remind parents/guardians of students, as well as any staff to monitor for any signs or symptoms of COVID-19. The Alberta Health daily checklist can be found here. Please remember to complete the checklist each day prior to attending school.

As a reminder, if you/your child has any of the symptoms of illness listed on the Alberta Health daily checklist, please fill out the online Alberta Health Services COVID-19 self-assessment or call Health Link at 811 and stay home/keep your child at home.

We will continue to provide additional information to parents/guardians as it is available.

Sincerely,

Jodi Campbell  
Principal  
Jasper Elementary School
